
STICKY RICE

CONTENT THAT STICKS

CREATIVE PRODUCER

Sticky Rice is looking for a Creative Producer to join our team and work on some of top accounts of the agency.

- Department: Production team
- Full-time (5 days/week)
- Min. Experience: 1 year

THE JOB

The Creative Producer takes concepts and make them a reality. It may seem like a walk in the park but this requires strong organization skills and bottomless creativity. From generating ideas, assembling the right team, budgeting photo and video shootings, managing teams plannings to pushing the project through the final stages of production, the Creative Producer knows everything about each aspect of the production process.

Finally, she/he is a highly motivated individual with experience and passion for designing and implementing social media strategies with a focus on innovation and creativity.

MISSIONS

- Receive and implement the creative briefs
- Manage project workflow from concept to delivery
- Assess project and resource requirements
- Select, order and purchase production materials (equipments, props, gears...)
- Manage and keep the production budget under control
- Set up talent castings when needed
- Hire external production staff when needed
- Manage models, extras and production staff while on set
- Oversee the production process, including photo-shooting, filming, lighting and sound
- Lead the studio overall creativity: work closely with photographers, videographers, creative director to ensure quality footage
- Ensure that projects stay on schedule and within budget
- Organize the repair and routine maintenance of production equipment

QUALIFICATIONS

A creative producer makes sure that the original vision for the project is properly realized. This person is creative, visionary, organized, well-connected in the industry, and understands all aspects of production from development through final edits.

- Strong, professional written and verbal communication skills in English and Thai
- Minimum of 1 year experience as a producer in an agency of film industry
- Solid organization skills: ability to manage the planning of teams of +10 persons
- Good technical background: know how to handle production equipments such as cameras, lighting, sound system and studio setting.
- Ability to synthesized ideas and answer client's brief.
- Have a good network: directors, cameramen, assistants, models, video editors...
- Ability to work in teams and under pressure
- Be responsive and respect deadlines
- Always push your creativity and be innovative!

We love originality, creativity and anything out of the box! If you feel like sometimes you don't belong to human kind, then you definitely belong to Sticky Rice!
